EUROPEAN UNION
DELEGATION TO THE REPUBLIC OF SERBIA

CONTRACTING AUTHORITY'S CLARIFICATIONS No. 1

Project title:
Supply of Equipment for the Serbian Probation Offices
Publication reference: EuropeAid/138412/DH/SUP/RS

No.	Question	Answer
1.	**Lot 1Off-Road Vehicles** • *Working volume of engine minimum 1950ccm: Due to new carbon emission regulations in Europe, manufacturers decrease engine volumes yet meeting the same engine power. Engine volumes starts from 1550ccm in this range of vehicles. Please revise this specification as 'Working volume of engine minimum 1550ccm' which will enable more brands to participate this tender*	Please bear in mind that the technical specifications as they have been published regarding the i.e. the engines with a minimum of 1950ccm remain unchanged.
2.	**Lot 1Off-Road Vehicles** *Manual transmission not less than 5 speed: off-road /(SUV) vehicles are manufactured with automatic transmission. Please revise this specification as 'Manual or Automatic transmission not less than 5 speed'*	Please bear in mind that the technical specifications as they have been published regarding the i.e. Off-road vehicles with manual transmission remain unchanged.
3.	**Lot 1Off-Road Vehicles** *Tankage: Minimum 60 Liters: Tank volume starts from 55 liters capacity in this range of vehicles. Please revise this specification as 'Tankage: Minimum 55 Liters' which will enable more brands to participate this tender.*	Please bear in mind that the technical specifications as they have been published regarding the i.e. Tankage: Minimum 60 Liters remain unchanged.
4.	**Lot 2** *Technical specification for Lot 2, under Item number 2 – Multifunctional printer there is a requirement for: " Monthly cycle: Minimum 40.000 pages". This is unusually high requirement for this type of equipment. Please*	Please bear in mind that the technical specifications as they have been published regarding the i.e. Monthly cycle: Minimum 40.000 pages remain unchanged

No.	Question	Answer
	clarify if this is necessary and if monthly cycle of minimum 4.000 pages would be satisfactory instead.
