1.	<p>As from today we have a second request for clarification.</p> <p>The usual B3 form of the Application Form (b3_applform_en.pdf) from PRAG 2016 mentions that we shall provide the "statistics on staff for the current year and the two previous years", therefore 3 years (2017-2016-2015) and an average, for each of the consortium's member and consolidated for the whole consortium (items 4 and 5 of the Application Form).</p> <p>In the Contract Notice in the paragraph 21.2, it is stipulated that the reference period of the "Professional capacity of the candidate" (applied only to the whole consortium) shall be "the last five years from submission deadline", therefore 2017-2016-2015-2014-2013. Whether this is fine for the possible eligible references, there is a slight problem re the HR data provided.</p> <p>Since this is the first time we do encounter this situation what should be done?</p> <ul style="list-style-type: none">• Add 2 columns in the HR table for years 2013 and 2014?• Or just keep this table as normal with only the last 3 years: 2015, 2016 and 2017	<p>Please provide the information as it has been requested in article 21.2 of the Contract Notice i.e. for the last five years from submission deadline.</p>
