23. Deadline for receipt of applications

Instead of:

23. Deadline for receipt of applications

The candidate attention is drawn to the fact that there are two different systems for sending applications: one is by post or private mail service, the other is by hand delivery.

In the first case, the application must be sent before the date and time limit for submission, as evidenced by the postmark or deposit slip², but in the second case it is the acknowledgment of receipt given at the time of the delivery of the application that will serve as proof.

15:00 Central European Time on 20 August 2019.

Any application sent to the contracting authority after this deadline will not be considered.

The contracting authority may, for reasons of administrative efficiency, reject any application submitted on time to the postal service but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report, if accepting applications that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.
