7. **Contract description:**
Supply of measuring instruments for the inspection of equipment (to control correct pesticide applications) to accompany the implementation of sustainable use of plant protection products and establishing systems for regular technical inspection of pesticide application equipment already in use.
For the reduced use of pesticides the application equipment must function reliably and must be used properly for its intended purpose ensuring that pesticides can be accurately dosed and distributed to achieve a high level of protection for human health and the environment. Because of that it is very important to establish regular inspection of equipment already in use through such measuring instruments for inspection of equipment. The equipment consists of mobile measuring instruments, in line with Directive 2009/128/EC of the European Parliament and of the Council of 21.10.2009 establishing a framework for Community action to achieve the sustainable use of pesticides, Chapter III, 'Pesticide application equipment', Article 8, 'Inspection of equipment in use'.
