1.	In the guidelines for the call: „Support to the improvement of the living conditions of forced migrants and closure of collective centers“ on page 12 of the guidelines for LOT 1 – Closure of CCs the presented locations where the actions must take place does not include the Municipality of Požega, even though a CC is located in this municipality. Does this mean that Požega is not eligible or was it just not mentioned in the list?	The collective center in Pozega will be closed at the end of this year, therefore Pozega is not listed in this Call for proposals.
2.	Can you please give us some information about the call EuropeAid/134291/ACT/RS, for closing collective centers and getting back displaced persons to KiM? Can we send an application for both lot, or just for one?	As per guidelines, you can apply for more than one lot.
3.	We have question about page 6 (guide): it mentions number 450. Is that total number of refugees or additional one?	One of the specific objectives of this call for proposals, as defined the Guidelines for Applicants (on page 6, to which you make reference) is "to support the closure of all remaining CCs and improvement of the living conditions of an <i>additional</i> 450 refugees, IDPs and returnees under the Readmission Agreement".
