6. **Nature of contract:**  
Fee-based.
7. **Contract description:**  
The project's general objective is to enable the administration of Serbia to take an active and effective role in the preparation of financial cooperation programmes and projects financed by the EU, and in their technical and financial implementation within the framework of the decentralised implementation system (DIS).  
The consultant will perform a system audit under international audit standards to provide the CAO and the NAO with an opinion on the preparedness of the relevant structures in Serbia to manage the EU assistance under a decentralised implementation system.
8. **Numbers and titles of lots:**  
The contract is divided into lots: No, 1 lot only.
9. **Budget:**  
Maximum budget: 500 000 EUR.
10. **Scope for additional services:**  
The contracting authority may, at its own discretion, extend the project in duration and/or scope, subject to the availability of funding, up to a maximum not exceeding the length and value of the initial contract. Any extension of the contract would be subject to satisfactory performance by the contractor.

**Conditions of participation**

11. **Eligibility:**  
Participation is open to all legal persons (participating either individually or in a grouping (consortium) of candidates) which are established in a Member State of the European Union or in a country or territory of the regions covered and/or authorised by the specific instruments applicable to the programme under which the

contract is financed (see also item 29 below). Participation is also open to international organisations. The participation of natural persons is governed by the specific instruments applicable to the programme under which the contract is financed.

12. **Candidature:**

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply. A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e. the leader and all other members) are jointly and severally liable to the contracting authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. **Number of applications:**

No more than 1 application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than 1 application, all applications in which that person has participated will be excluded.

14. **Shortlist alliances prohibited:**

Any tenders received from tenderers having a different composition than the ones on the application forms will be excluded from this restricted tender procedure, unless prior approval from the contracting authority has been obtained — see PRAG 2.4.3. Shortlisted candidates may not form alliances or subcontract to each other for the contract in question.

15. **Grounds for exclusion:**

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.3.3 of the 'Practical Guide to contract procedures for EU external actions'.

16. **Subcontracting:**

Subcontracting is allowed.

Maximum percentage of the contract value which may be subcontracted: 15 %.

17. **Number of candidates to be shortlisted:**

On the basis of the applications received, at least 4 and at most 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the contracting authority may invite the candidates who satisfy the criteria to submit a tender.

**Provisional timetable**

18. **Provisional date of invitation to tender:**

15.3.2011.

19. **Provisional commencement date of the contract:**

15.6.2011.

20. **Initial period of implementation of tasks:**

Duration in months: 4.

**Selection and award criteria**

21. **Selection criteria:**

Same criteria for legal and natural person.

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) Economic and financial capacity of candidate:

In the case of the applicant being a public body equivalent information should be provided:

1. the annual average turnover of the candidate in 2008, 2009 and 2010 must exceed 500 000 EUR.

2) Professional capacity of candidate:

1. at least 5 of all staff working for the candidate this year (2010) in fields related to this contract are permanent.

3) Technical capacity of candidate:

1. the candidate should have completed (having the final report approved) at least 1 audit contract related to system audit in full compliance with the international auditing standards with a budget of minimum 250 000 EUR (proportion carried out by the candidate) in the years of 2006, 2007, 2008, 2009, 2010 and until the submission deadline of this application.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. Some examples of when it may not be considered appropriate by the contracting authority are when the tenderers rely in majority on the capacities of other entities or when they rely on key criteria. If the candidate relies on other entities it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be furnished when requested by the contracting authority.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined to identify the 8 best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:

1. the total number of the candidate's audit contracts related to system audit;
2. the total value of the candidate's audit contracts related to system audit (proportion carried out by the candidate).

Note: (1) will be applied first and then (2) will be applied in the event that 2 or more candidates have the same number for (1).

22. **Award criteria:**

Best value for money.
