1	<p>I would like to understand if a company may submit an Expression of Interest and (if invited to do so) a Tender proposal for the project:</p> <p>-EuropeAid/131429/C/SER/RS "IPA — strengthening the institutional capacity of the Serbian tax administration by TA to design a human resources management system" – Budget: 1.900.000 EUR</p> <p>and, separately, for the project:</p> <p>-EuropeAid/131329/C/SER/RS "IPA — strengthening the institutional capacity of the Serbian tax administration by TA to design an efficient system for the tax collection function and efficient financial and material accounting management" – Budget: 2.280.000 EUR, without incurring into conflicts of interest.</p> <p>Furthermore as for the Serbian Tax Administration Project another third contract is envisaged to come out (5,2 MEUR), as stated in the project fiche, would participating and winning any of the two above contracts exclude a company from bidding for this third TA contract once it has been published? Is there any conflict of interest between the three contracts coming from this project fiche?</p>	<p>As far as it can currently be assessed, a company may submit an application and, if invited to do so, a tender for each of the two mentioned projects without entering into a conflict of interest.</p> <p>Possible conflicts of interest with other projects under preparation will be determined at the time of launching the respective projects.</p>
