1	<p>We would like kindly to ask for clarification for the following issues:</p> <ul style="list-style-type: none">Criteria 21.3(a) indicates "the candidate has provided in the course of the past 3 years (starting from 1.1.2009 until the deadline for receipt of the applications) at least 3 projects, with the candidate's proportion in each project of at least 1 500 000 EUR, covering in combination all 3 fields listed in point 7 of the procurement notice". We assume that we can use references of ongoing projects, provided the successfully completed part of the project carried out by us comprises at least 1 500 000 EUR before the deadline for receipt of the applications. Could you please confirm or provide a corresponding advice?Period for the calculation of the budget of "at least 1 500 000 EUR". Could you please provide advice regarding the period for the calculation of the aforementioned amount. We assume that the end date for the calculation is the submission deadline, i.e. 3.9.2012.Is it correct to assume that the starting date for the calculation could be any date before the 03.09.2012 or can only the amount, implemented in the period between 01.01.2009 and 03.09.2012 be taken into consideration ?	<ul style="list-style-type: none">We confirm. Supporting documents shall be provided at the full tendering stage for all the references.Yes, the end date for calculation is the deadline for receipt of applications. Please note that the candidate's proportion in each project shall be at least 1 500 000 EUR.The starting date can be any date before the deadline for receipt of applications, as long as a project (or part of it) has been successfully completed in the relevant period (1.1.2009 until the deadline for receipt of applications) – in that case the whole value of that project (or part of it) will be considered, regardless of its starting date.
