Introduction and Development of Performance-Based Road Maintenance on Serbian National Road Network

Publication ref.: EuropeAid/135827/DH/SER/RS

No	Question	Answer
1.	We would like to know if the contract to show technical capacity has to be finished or can be on execution.	<p>The Contract Notice in point 21 Selection criteria, paragraph 3) Technical capacity of candidate, requires that:</p> <p><i>“a) The candidate has provided services in the course of the past 3 years (starting from 01.01.2011 up to the deadline for receipt of applications) under at least one contract, with the candidate's proportion greater than 500,000 EUR for his services in the contract, in performance-based contracts for road maintenance”</i></p> <p>Eligible contract may be completed within the reference period (01.01.2011 up to the deadline for receipt of tenders), in which case the candidate's proportion from the total contract amount will be taken into consideration, or ongoing during the reference period, in which case the candidate's proportion from the amount of the services completed until the deadline for receipt of tenders will be taken into account against the 500,000 EUR threshold.</p>
