Ministry of Agriculture,
Forestry and Water Management*

Terms of Reference No 1

Junior Non-key expert on Project Component 2 issues – assist Senior NKE in drafting strategy “Comprehensive National Strategy including action plan(s) for the transposition, implementation and enforcement of EU legislation for Chapter 12 – Food Safety, Veterinary and Phytosanitary Policy” in the field of Phytosanitary and Genetically modified organisms (GMO)

1. Project Background

The overall objective of the project is to improve the capacity of the Ministry of Agriculture, Forestry and Water Management (MAFWM) to manage the process of integration with the EU policies in the agriculture and food sector.

Agriculture, rural development, food safety, veterinary and phytosanitary policy in the EU is regulated by several legal acts which can be transposed directly from European legislation. Their correct administrative application is crucial for the functioning of the Common Agricultural Policy and the EU internal market. The EU legislation from Chapter 12 may have a significant impact on the current policy support to agriculture in the Republic of Serbia.

Through the implementation of component 2, this project supports the MAFWM, Veterinary Directorate, Plant Protection Directorate, Agriculture Inspectorate, Ministry of Health and other bodies, stakeholders involved in the EU accession process with support in transposition of *acquis* and preparations for implementation of EU Food Safety, Veterinary and Phytosanitary Policy and the associated *acquis*. The project shall provide high quality expertise to the EU integration process in the Republic of Serbia for Chapter 11 and Chapter 12.

The project will have two-fold approach: (1) provide support to coordination and managing the process (2) provide technical (content-oriented) support and expertise on demand to the relevant structures in the MAEP and other institutions.

Component 2. Strengthening the MAFWM and other relevant stakeholder’s capacity to effectively administer and implement alignment of Food Safety, Veterinary and Phytosanitary Policy in the process of EU Accession-Chapter 12 (Activity 2) **has 4 results:**

- **Result 2.1** Assistance to MAFWM and other relevant stakeholders in preparation for – and in support of accession negotiations pertaining to chapter 12 (Food Safety, Veterinary and Phytosanitary Policy) provided;
- **Result 2.2** Support to the ongoing process of harmonization of legislation in the food safety, veterinary and phytosanitary area with the EU *acquis* provided;

Capacity building for the alignment with the acquis in the area of, agriculture, rural development, food safety, veterinary and phytosanitary policy

EuropeAid/138038/DH/SER/RS

This project is funded by
The European Union

*The Republic of Serbia
Ministry of Agriculture,
Forestry and Water Management*

- **Result 2.3** Institutional and administrative capacity is upgraded and strengthened as to be fully capable to apply EU *acquis* concerning food safety, veterinary and phytosanitary legislation by the date of accession.
- **Result 2.4** Communication Strategy and Communication plan for accession negotiation process in Chapter 12 is prepared and implemented, including but not limited to training development of communication tools and implementation of the awareness campaign

2. Reference document

Terms of Reference of the Project: EuropeAid/138038/DH/SER/RS Capacity building for the alignment with the acquis in the area of agriculture, rural development, food safety and phytosanitary policy.

3. Terms of Reference Relevance

This mission will be carried out in the framework of the project activities as described in the Terms of Reference, Project Proposal and Project Implementation plan. The assignment will contribute to the achievement of Component 2 by providing expertise and supporting the beneficiary institutions to build up well-functioning process of transposition of EU acquis related to Chapter 12' and assist in fulfilling benchmarks set up by the EU Commission and to be able to open negotiations on Chapter 12.

4. Assignment objective(s)

In this respect the project needs the expert's support to and will be engaged in the following Project activities:

Activity 2.1. Providing assistance to competent authorities along the accession negotiation process in Chapter 12 – Food Safety, Veterinary and Phytosanitary Policy, provided through performing expertise and preparation of various technical documents in particular sub-activities 2.1.1. and 2.1.1.1 and 2.1.1.2.

Activity 2.2. Providing support to the ongoing process of harmonization of legislation in the food safety, veterinary and phytosanitary area with the EU acquis

5. Main Tasks/Activities

The Junior NKE on Project Component 2 issues will support the project TAT and senior non-key experts in:

Capacity building for the alignment with the acquis in the area of, agriculture, rural development, food safety, veterinary and phytosanitary policy

EuropeAid/138038/DH/SER/RS

This project is funded by
The European Union
