QUESTIONS and ANSWERS No.3

restricted Call for Proposal for Framework Partnership Agreements and associated annual operating grants

Publication reference: EuropeAid/176151/DD/FPA/RS

TECHNICAL CLARIFICATION

According to section 2.2.1.2. The Framework Partnership Application (including the budget and the logframe) together with the declaration by the applicant (Annex A.1 section 2) must be submitted online via PROSPECT <https://webgate.ec.europa.eu/prospect> following the instructions given in the PROSPECT user manual.

Please note that the design of PROSPECT is made for a call for proposals for an action grant. Therefore, it has to be used in analogy for the call for proposal of an operating grant.

PHASE 1, submission of the application for the Framework Partnership Agreement, should be made using the tab “CONCEPT NOTE”. The strategic plan, estimated budget and logical framework can be submitted as one single document.
