- 4.2 An electronic system will be used by the contracting authority and the contractor for all stages of implementation including, inter alia, management of the contract (amendments and administrative orders), reporting (including reporting on results) and payments. The contractor will be required to register in and use the appropriate electronic exchange system to allow for the e-management of the contract.

The electronic management of the contract through the aforementioned system may commence on the date on which implementation of the contract starts, as described in Article 18 below, or at a later date. In the latter case, the contracting authority will inform the contractor in writing that he will be required to use the electronic system for all communications within a maximum period of 3 months.

Article 7 Supply of documents

Together with the delivery the Contractor shall supply the Instruction (installation, operation and regular maintenance) Manuals in English and Serbian Language.

Any specific documents, other than those described in Article 11 of the Instruction to Tenderers, for submission by the Contractor to the Contracting Authority, are referred to in the Technical Specifications.

In order to facilitate the processing of the documents handed to the EU Delegation to Serbia, the Contractor shall also submit a digital version of the documents. The electronic version shall be identical to the original (printed) version, however in case of any discrepancies between the electronic version and the original (printed version), the latter will prevail.

The digital versions of the documents can be submitted on a CD or sent to the e-mail address of the Contracting Authority's contact person specified in Article 4.1 above. The name of the Contractor as well as the contract number and title should be clearly indicated in the e-mail subject or on the CD.

Article 8 Assistance with local regulations

The Contractor shall, in performing the Contract, comply with all applicable national laws.

Whilst the Contracting Authority agrees to use its contacts with the authorities where appropriate to assist the Contractor in obtaining the required permits or import licences, the prime and ultimate responsibility for the obtaining of these and licences shall lie with the Contractor who shall keep the Project Manager informed.

If the Contractor is late in applying for or fails to apply for such permits or licences, then it may not claim for extensions in the Period of Execution or additional costs as a result.

The Contractor shall pay all taxes, duties and fees, and obtain all permits that may be required by the national authorities, licenses and approvals, as required by the laws of Serbia in relation to the contract. The Contractor is responsible to become timely acquainted with any relevant legal provisions in force in Serbia, including those that may be required by the different national competent authorities for import, permitting, or customs clearance of the goods so as to avoid any associated delays during the implementation period. The Contractor shall indemnify and hold the Contracting Authority and the Beneficiary harmless from consequences of failure to do so or from eventual delays.

Article 9 General obligations

- 9.9 The contractor shall take the necessary measures to ensure visibility of the European Union financing or co-financing. These activities must comply with the rules laid down in the Communication and Visibility Manual for EU External Actions published on the website of DG International Cooperation and
